Este aviso contiene información muy importante sobre su agua potable. Para una copia en español, favor de llamar al sistema de agua (909)602-2711.

**Sky Forest MWC [February 19, 2026]**

# BOIL WATER NOTICE

### Boil Your Water Before Drinking or Food Preparation to Avoid Illness

Due to the recent [main line break](#), which occurred on [February 19, 2026](#), the State Water Resources Control Board, Division of Drinking Water, the [San Bernardino](#) Division of Environmental Health Services, and the Sky Forest MWC Water System are advising residents of [Sky Forest MWC](#) to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness. The affected area includes: [Oak Road & Fern Road, Skyforest CA 92385](#)

We will inform you when tests show that water is safe to drink, and you no longer need to boil your water. We anticipate resolving the problem within **6 hrs.**

If you have questions about other uses of tap water, such as bathing and dish washing, please call your water system or read this guidance: [https://waterboards.ca.gov/drinking\\_water/certlic/drinkingwater/documents/notices/cdc\\_wtd\\_bw\\_advisory.docx](https://waterboards.ca.gov/drinking_water/certlic/drinkingwater/documents/notices/cdc_wtd_bw_advisory.docx)

Optional: Potable water is available at the following locations: United States Post Office located at 951 Kuffle Canyon, Sky Forest 92385

Please bring a clean water container (5 gallons maximum capacity).

### Do not drink the water without boiling it first

- Boil all water for one (1) minute (rolling boil).
- Let water cool before drinking.
- Use boiled or bottled water for drinking, brushing teeth, and food preparation until further notice.
- Boiling water kills bacteria and other organisms in the water.

### If you are unable to boil your water:

Household unscented liquid bleach

- For clear water, use 8 drops (1/8 tsp.) of bleach for 1 gallon of water. For cloudy water, filter through a clean cloth and use 16 drops (1/4 tsp.) of bleach for 1 gallon of water.
- Mix well. Allow to stand for 30 minutes before using.
- Water may taste or smell like chlorine. This means disinfection has occurred.

Water disinfection tablets

- Please follow the manufacturer's instructions.

---

### For More Information

If you are concerned about your health or the health of a family member, contact your health care provider or [San Bernardino County Division of Environmental Health Services](#).
